

FASHION POWER

WIDEX DREAM™
TRUE TO LIFE SOUND

POWER WITHOUT COMPROMISE

The expanded input dynamic range and strong low frequency output of FASHION POWER gives users excellent sound quality without distortion.

SIMPLE TO **USE**

FASHION POWER is designed to be easy to use. After fitting, your clients can simply turn it on and enjoy better hearing. It is that simple.

MORE **OUTPUT**, MORE **CONVENIENCE**

The PowerSaver feature in FASHION POWER provides maximum efficiency between battery changes. Fewer battery changes means greater convenience for users – and good news for those who find battery changing tiresome and cumbersome.

THE **POWER** TO **MAKE** A **DIFFERENCE**

For people with severe-to-profound hearing loss, a classic power hearing aid is a must. But sometimes the power needed to provide audibility for a severe hearing loss can cause distortion that may compromise sound quality.

Not with FASHION POWER. Like all hearing aids in the DREAM family, it uses True-Input technology to dramatically increase the input range to provide users with incredibly rich and detailed sound. And a strong low frequency output gives them excellent sound without distortion.

EASY TO USE

We know how important it is for your clients that their hearing aids are easy to use.

That's why we have designed FASHION POWER to be fully automatic. It's simple to wear and easy to operate.

And because it has premium technology and automatic features, FASHION POWER provides excellent sound without users having to do anything. They simply listen while FASHION POWER does the rest.

FASHION POWER also makes it easy for users to stream sound to their hearing aids directly from phones, televisions and other audio devices with no delay, no feedback and no echo.

EASY TO KEEP CONNECTED

FASHION POWER is fully compatible with our DEX devices: TV-DEX, FM+DEX, M-DEX, RC-DEX, UNI-DEX and PHONE-DEX

TV-DEX | FM+DEX | M-DEX | RC-DEX | UNI-DEX | PHONE-DEX

SOUNDS LIKE A DREAM

As part of the acclaimed DREAM family, FASHION POWER provides users with a dramatically increased input range to above 113 dB SPL, giving them incredibly rich and detailed sound without distortion. It also means that they can enjoy better speech intelligibility, particularly in noisy environments.

For those of your clients who have tinnitus, FASHION POWER features the unique Widex ZEN program that, combined with Widex Zen Therapy, has been shown to help in managing tinnitus and improve quality of life.

FASHION POWER is available in 14 different colours - from Warm beige to Metallic blue.

D-FA P, CUSTOM FLEX SOFT/HARD CLASSIC MOULD

Hearing loss profile: Moderate to severe-to-profound
